Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1,5-9,10,17,19,20,23,26 and 28 rejected under 35 U.S.C. 103(a) as being unpatentable over US Patent 71416330.

The applicant argues that the applicants' independent claim 1 requires, in step b, receiving from consumers interested in purchasing the product, data comprising bids, and in step d, using the bids from the consumers to negotiate a price on behalf of the virtual collective. The applicant contends that the prior art vendors/sellers, not the buyers, submit suggested price quotes or bids for the transaction.

While the applicant has pointed out that in a preferred embodiment of the prior art a dutch auction is used, the Dutch auction also renders obvious other well known (conventional auction formats), including the claimed english auction format.

As to the applicant arguments directed to the effective priority date for the use of agent entity, the examiner finds the original disclosure enabling for this feature. In the alternative, it would have been obvious for one to have used an agent entity as motivated by the need to coordinate the bidding process. Moreover, the examiner finds the original disclosure enabling for the verification step. In the alternative, it would have been obvious for one to have added verifying that each prospective buyer satisfies a requirements list before including the prospective buyer in a buying group as motivated by the need to ensure the credit worthiness of the parties.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
